7:05 Run for Richmond – Reallocation of Funds?

Staffing remains a critical issue at Richmond. Last year the PTA Membership voted to allocate 50% of the funds raised by the 2016 Run for Richmond to the Richmond Foundation in order to support staffing needs at Richmond. We will discuss whether or not we again wish to allocate a portion of our Run for Richmond fundraising to the Foundation and if so at what level.

Note: any motion to change the current allocation of funds (default – all funds go to PTA, 90% which are granted to the administration to be spent on science, technology and art) **must be approved by vote, you must be a current PTA member to vote, and you must be present to vote** (no proxy voting allowed per our bylaws).
